

March 18, 2021

Dear Residents, Family Members, and Responsible Parties,

We were so happy that for the last three weeks the Residents were able to eat in the dining rooms, go to the Chapel for Mass, have their hair done, and most importantly, have visits with their families.

Unfortunately, this week's testing of staff resulted in three new positive cases. Therefore, the above activities are temporarily suspended. The Residents will be tested and once we receive their results, we will reevaluate the restrictions according to CDC guidelines.

Of course, this is disappointing to all of us, but the ongoing changes of restrictions is to be expected as long as the pandemic continues and as cases in the community rise.

In the meantime, Zoom meetings and FaceTime calls continue to be available for you to be in touch with your loved ones. Please contact Kelly in the Activities Department at phactivities@littlesistersofthepoor.org.

Thank you for your understanding as we continue to do our best to keep our Residents and staff safe. We ask for your continued prayers.

Sincerely,

Mother Catherine, lsp
President
Holy Family Home
